A MESSAGE FROM THE PRINCIPAL

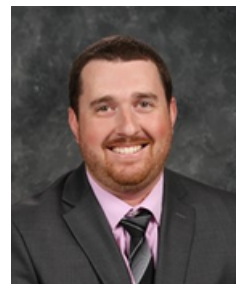

Greetings BHS Families,
It is hard to believe that we are already a month into the school year. September is typically a month of setting expectations and getting acquainted with being back in school. Throw in a week of Homecoming, and it can be difficult to gain much in terms of momentum. On the other hand, October is a great month to make academic progress, and I expect that to be the case over the next few weeks at Berlin High School. We look forward to sharing an update of that progress at the end of the month during Parent/Teacher conferences on October 26.

Parent/Teacher conferences are just one way we communicate updates about your child. It is important that you frequent Powerschool so you can see updates to grades and attendance. Our teachers are making a point to send regular updates via email about general class activities, so you should receive something on a near-monthly basis as well. You can always email or call should you have something you would like to discuss. We want to make sure you have the information you are looking for and are responsive to your questions or concerns. Strong communication is an integral part of your child's success in school.

Thanks for your support,

Bryant

PARENT-TEACHER CONFERENCES

Parent/Teacher Conferences will be on from 10:00 a.m. – 7:00 p.m. on Thursday, October 26. Parents have the choice of an in-person or virtual conference, which must be requested through an appointment.

We will, once again, be using the PowerPTC app to schedule conferences. Beginning October 16, parents can login using the link that will be emailed to them and enter their PowerSchool Parent login credentials to login to the scheduler. Once logged in, select “Conference Schedule” and choose a beginning time and teachers you want to see for conferences. You can repeat this process for all students in your family by selecting “Change Student” on the left side of the page. Here you will also select whether you want in-person or virtual.

An email will come with a tutorial video and further details closer to the 16th. Remember, you can view your child’s schedule and current grades using the Powerschool app.

As always, our high school office is happy to help should you have any questions or difficulties.
